At Shoprite I was based in the Divisional Office for the Free State and Northern Cape. As part of a team of 3, we were collectively responsible for the seamless operation of over 250 stores, including Lesotho and Botswana. It was a challenging career with numerous hours on the roads and overtime was default.

Responsible for the seamless operation of IT infrastructure. These systems included: POS Systems, Wireless & Networking Systems, Office and back Office PC Systems, Network Scales, UPS Systems etc.

SALES EXPERIENCE

I quickly excelled as a salesperson and ranked amongst the top sales people of the company. I established customer needs and acted upon satisfying customer's desires. I drove sales to ensure monthly targets were met as well as build customer relations to maintain a solid, loyal customer base. Follow up calls and going the extra mile, ensured that customers kept returning.
